Abseiling

Abseiling is one of the best activities available here at Agoonoree. Going down this tall tower provides excitement and thrill to all campers who participate.

Pheobe a guest from Grey troop says, "My favourite part is the lean off, it's really exciting." If you haven't already gone down the tower you have a great experience to look forward too.

Top Debates:

Some very controversial topics arose today within the troop lines. To get to the bottom of these questions, please come down to the Agoonoram desk to vote for what you think the best answer is. Answers will be announced in the next edition.

1. What is Better, Strawberry Jam or Raspberry Jam?
2. Which is best Maxibons, Magnums or Gaytimes?

Movie Night

We hope everyone had an awesome time at the movie last night. We know we did! Wasn't it great to sit back with some popcorn and drinks with your patrols and enjoy a relaxing movie.

Tonight will be the closing ceremony so hopefully your troop is ready to show off their amazing dance moves in the performances.

Troop Report—Pink

Read this message from the Pink Troop leaders to find out what it's like being in the only Guide troop on camp:

"There is lots of fun, music and dancing. We're a great and respectful team. We are all learning to live by the guide law. But, most importantly, we have the best food."

It sounds like Pink Troop are having a great time on camp and they claim to have the best food. I'm sure that the other cooks on camp would disagree.

RIDDLES

1. I stay in the corner but I travel around the world, what am I?
2. There are four houses, red, blue, green and white. The red man lived in the red house, the blue man in the blue and the green man in the green. Who lives in the white house?

Answer to yesterday's riddles —
1. Elephant's Shadow 2. Water Melon

Announcements:

Nick uses sounds to train Buddy the medical dog, so please do not imitate these noises around Buddy as it may confuse him.

Blue troop is eating 25% more food than the other troops.

Members of Yellow Troop dig up ancient treasure.

One of the Venturers on camp sleeps with a giant teddy bear.

A member of Green Troop is secretly a super hero.

Rain Threatens Camp Fun

Yesterday's weather was far from ideal with showers, cloudy skies and low temperatures dampening the mood. This didn't stop people from making the most of the amazing Agoonoree activities however. With some patrols even braving the cold to slide down the water slide.

Merchandise Specials:

1. Old Agoonoree white polo shirts—\$10
