

# Agoonoram

## Closing Ceremony

We know it feels too soon but the Agoonoree Closing Ceremony will tonight on the Parade Ground. It will be an amazing night and a great opportunity to watch some fun performances and to reflect on the good times we have had this camp.

## Weather Forecast

23°C and Cloudy

Even though it's cloudy,  
remember to stay sun safe.

## Totally Wild!

Yesterday we had the crew from Totally Wild drop by for a visit to take a look at our awesome camp. They got some great shots of our Scouts, Guides and Guests in action. We hope you all smiled for the camera! Make sure you keep checking our Facebook page and also you emails so we can let you know when it airs.

An anonymous leader in admin was not surprised by the twist ending of Aladdin last night after watching the original classic 30 years ago.

## Joke of the day

Why do birds fly South in the winter?

*Because it's too far to walk.*

Submitted by Blue Bats

## Troop Report

Comments from Pink Troop -

*"We are enjoying the Wizarding world of pink troop and the excellent food from our new cooks!"*

Ratings:

Gateway: 5 / 5

Cleanliness: 5 / 5

Feng Shui: 5 / 5

Vibe: 4 / 5

## Disco and Campacademy Awards

Last night we had our Agoonoree Disco! It was a great night full of energy and excitement for everyone that participated. Everyone's camp fashion was amazing and we loved to see such boppin' dance moves.

## Boysfield Activities

The 'Annnd Action' base involves lots and lots of drama games, popcorn making and movie making goodness. You can be fast and furious whilst racing billy carts around the oval; create Oscar awards and be a super secret agent at the obstacle course.

Last night's screening of Aladdin provides further proof that Will Smith doesn't ever age.

It's a  Boy!

Welcome George!

Congratulations Caitlin and Andrew McDonald on the safe arrival of George.

For all those new to camp Caitlin is a long time Agoonoree Camper and past Assistant Camp Chief for Girl Guides.

## **!BREAKING NEWS!**

### *Shady voting by Rover Central*

We've had an outstanding amount of votes for yesterday's gateway competition. Unfortunately, it seems that some enterprising Rovers took it upon themselves to vote for the Rover Central gateway multiple times! This behaviour is not surprising given the nature of Rovers.

Yesterday was international sign language day, here are some signs:

**Thank you**

**Please**

## **The Evil Meerkats of Admin**

The Evil Meerkats lay among us at admin, watching, waiting. They stand in a circle, plotting against us humans who keep them captured. Our groups can sense a wave of uncertainly radiating off of the meerkats, their backs turned against us. They plan discretely.
